"You Ain't Got a Thing if
You Ain't Got This Swing" ♪

Please specify powder-coated finish when ordering.

This model mounts as a slipfitter to a "2" mast arm end. It is locked on using a 3/8" thru bolt. A "Universal Link" is attached to the "Tang" with a clevis pin and a "Wire Entrance" fitting is attached to the "Universal Link". This completes the installation. The Free Swinging Mast Arm Hanger is cast from 356-T6 aluminum alloy for durability and strength.
