Batty Says:
"Buy some Tees,
Please!!"

*Please specify powder-coated
finish when ordering.*

General Traffic's precision cast iron dual serrated tee's were designed and specially tested to withstand and endure all weather conditons and elements. We were able to achieve this, while still being the clear choice for unsurpassed quality and design. The threads are computer (CNC) machined (threadmilled) and gauged for accurate tolerance assuring an exceptional fit.
