PB-R-ADA

Our strongest aluminum Pushbutton Housing to date. With explosion proof side walls that measure just over 4MM thick & durable casting corners that measure just over 9MM thick.

General Traffic ADA Series Pedestrian Pushbuttons were designed to be in compliance with the "Americans with Disabilities" Act. The pressure needed to actuate our pushbuttons is less than 4 lbs! Find out how economical it is to put your city in compliance with the ADA law!

Please specify powder-coated finish when ordering.
